Through traffic study

HUPMOBILE Minipilot Turku

Juha Jokela, City of Turku
HUPMOBILE Webinar

9.6.2020

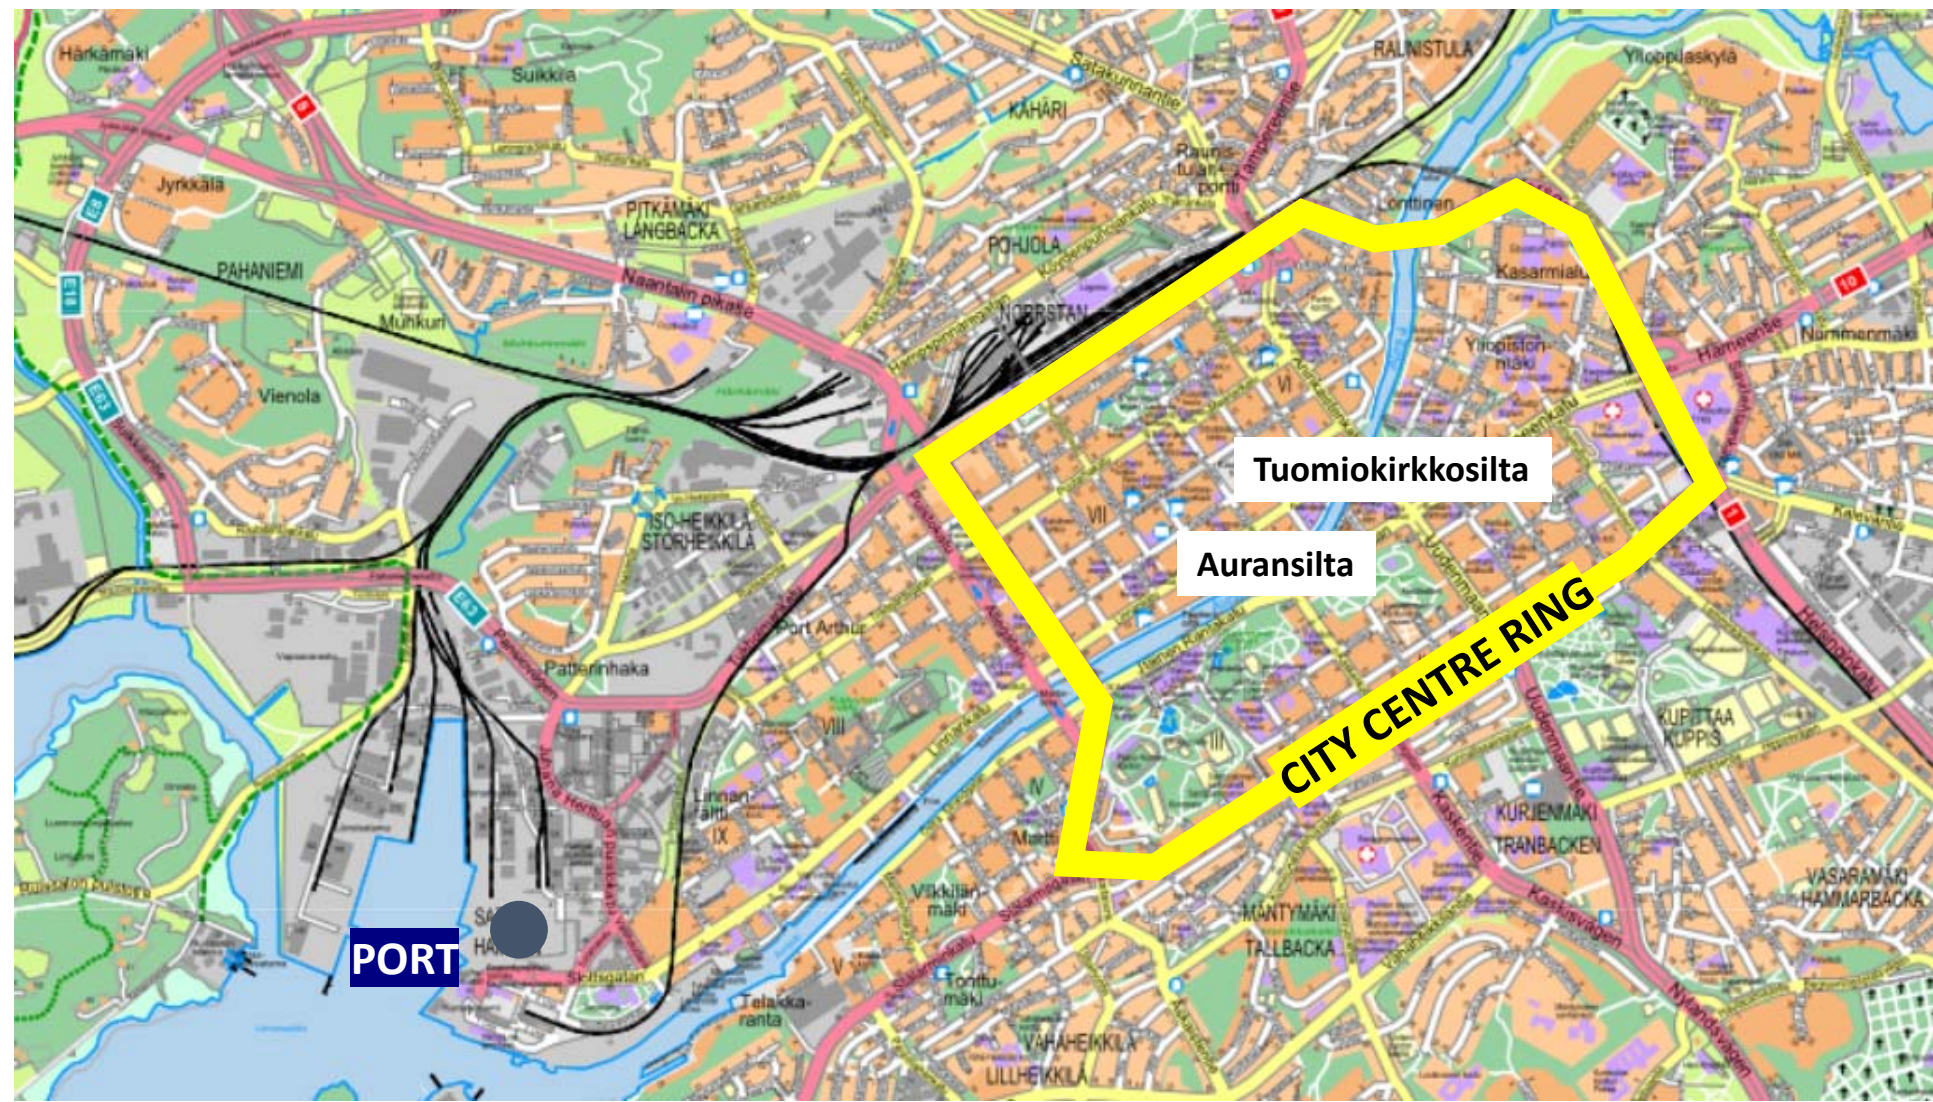

Strong debate on car traffic restrictions

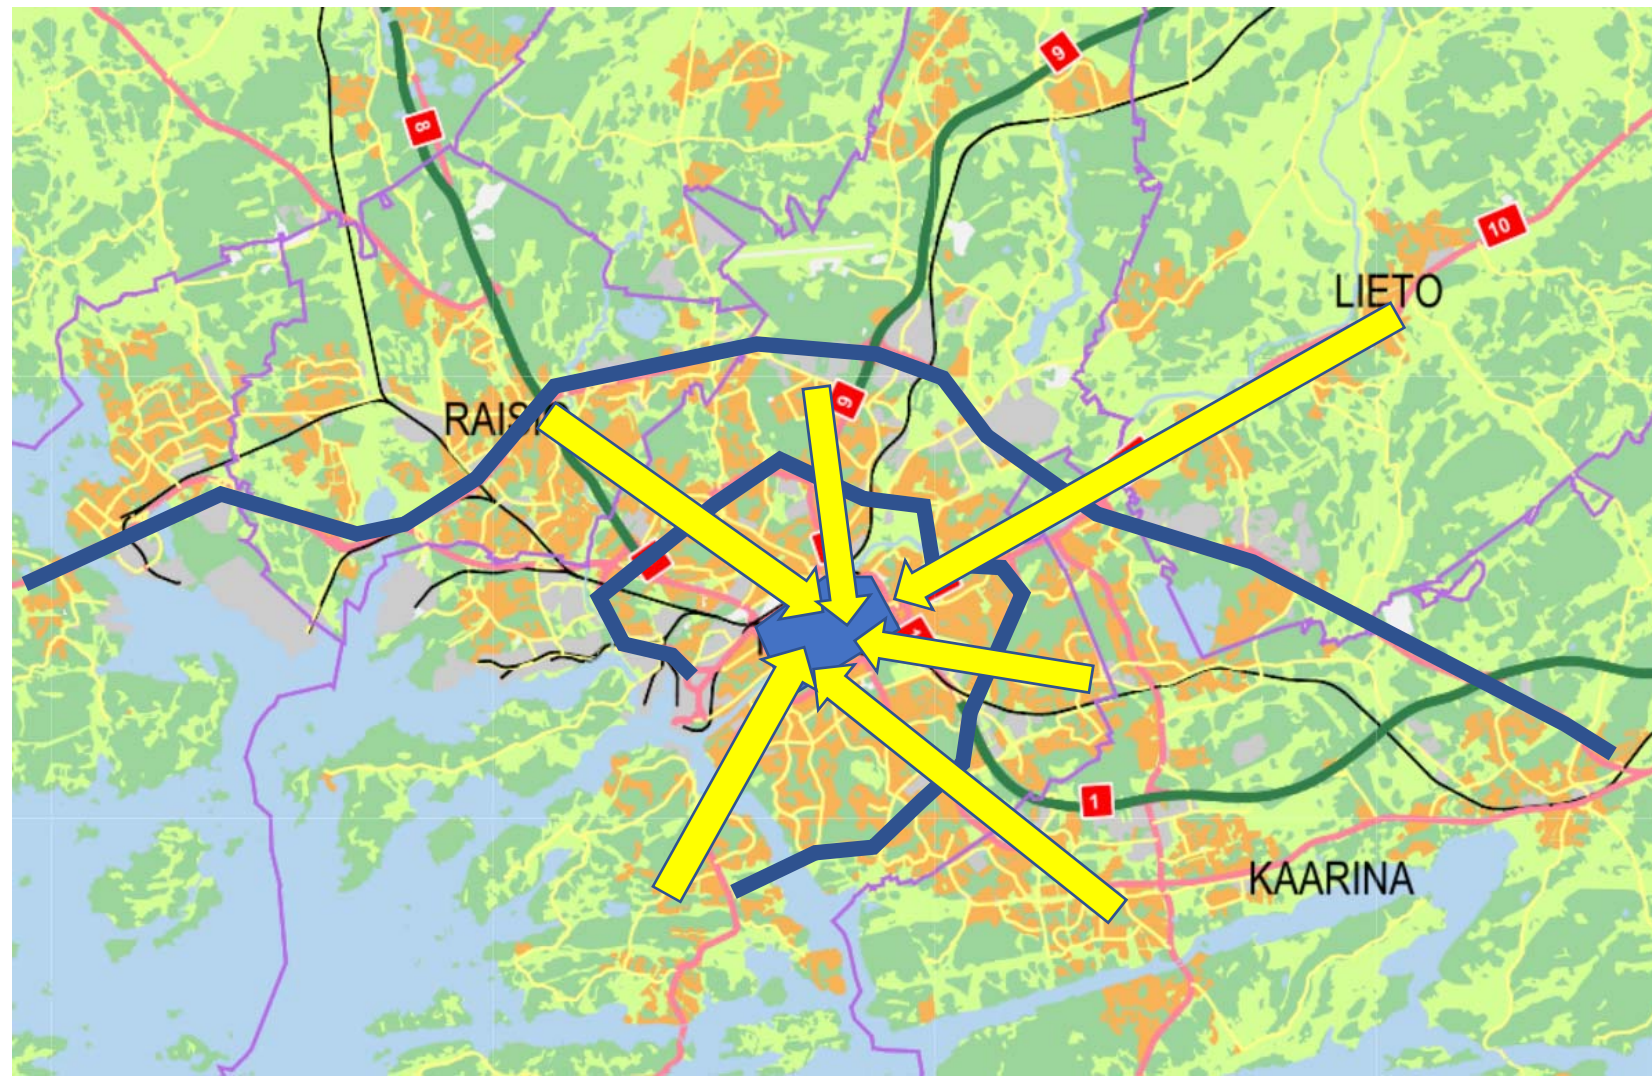

How to...

- Support decision making on developing traffic arrangements in city centre
- Support moving towards sustainable modes
- Move as much through traffic as possible from city centre to other routes

Traffic through city centre should be as small as possible

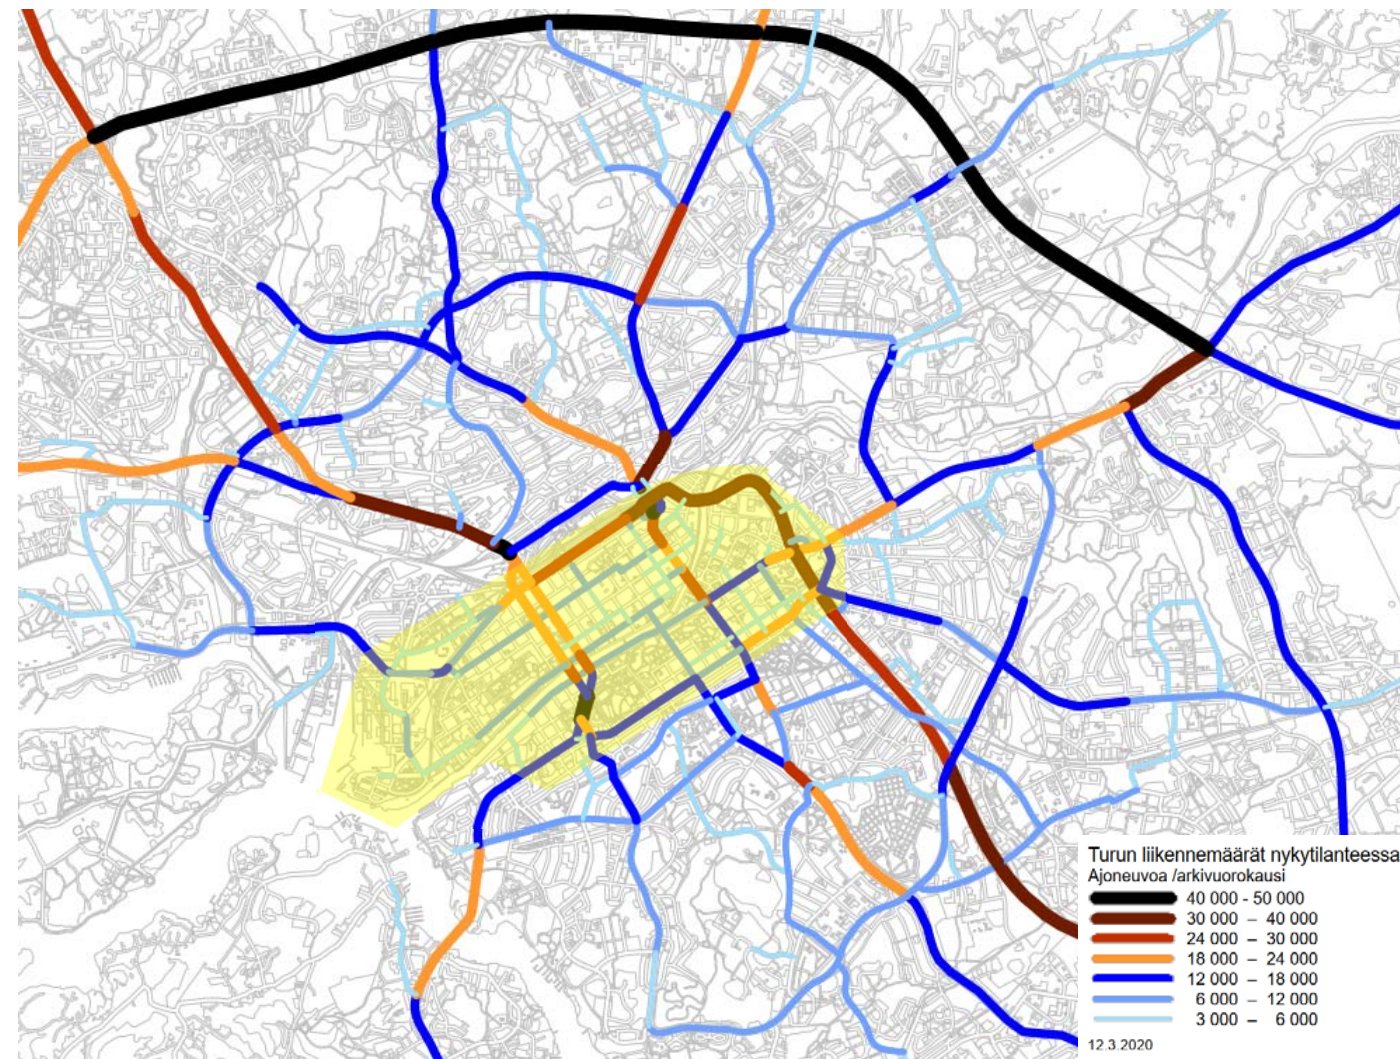

Supporting sustainable modes and guiding through car traffic to other routes

Registration plate study on through traffic

- Support decision making on developing traffic arrangements in city centre
 - How much through traffic exists
 - What are through traffic routes
- Support moving towards sustainable modes
 - Marketing public transportation and other sustainable modes
 - Planning park and ride locations
- Move as much through traffic as possible from city centre to other routes
 - Monitoring restrictions
