

UBC TALKS Webinar

Green public procurement

Tuesday 26 November 2024

09.30–11.00 CET / 10.30–12.00 EET

[Event page »](#) | [Registration »](#)

This webinar will explore various approaches to green public procurement and share solutions from the cities around the Baltic Sea. Chemicals, hazardous substances, single-use plastic – these are only some of the challenges that could be addressed through greener procurement practices. Join us and get inspired by different examples implemented in Helsinki, Tallinn, Riga, and Stockholm!

09.30–09.35 CET

Welcome to the webinar

09.35–10.05

Why you should choose green public procurement: What does GPP mean and what should it cover? Experiences and findings from ChemClimCircle project

Case Stockholm: Political decisions, guidance, and action plans
Anne Lagerqvist, City of Stockholm

Case Helsinki: Circular, non-toxic and climate friendly ICT equipment – mission impossible?
Satu Turula, City of Helsinki
