Cycle of risk reduction

Kristiansand
kommune

NORCE

Cross sectoral work groups

- ToR Terms of reference

- Climate change adaption vs. Disaster risk reduction (mitigation and recovery)
- Generalizability of ToR and model for Cross Sectoral Work Groups (CSWG)
 - Analytical level needs to be on roles and functions NOT organizational units
 - Mechanisms for collaboration (eg. in the cycle of risk reduction)
 - Success criteria and barriers for collaboration (eg. economic, colliding goals, laws/reg.)
- Use of ToR for Model
- Use of ToR for evaluation of CSWG development
- Recommendations for (self-) sustainable CSWG development
