

Municipal Climate Adaptation in the Baltic Sea Region

Online Workshop Invitation

Tuesday May 19th 9:00 - 12:00 CET

We invite municipalities across the Baltic Sea Region to join an online workshop focused on strengthening municipal climate adaptation. During the session, we will review findings from a recent regional survey, explore shared challenges, and gather input to guide the development of a new digital planning platform for municipal use.

WHY ATTEND

- ◆ **Peer exchange**
Hear how other BSR municipalities tackle climate adaptation challenges.
- ◆ **Survey results first**
Be among the first to see and discuss findings from the regional survey.
- ◆ **Shape the platform**
Your input directly influences a practical digital tool built for you.

WORKSHOP AGENDA

Session 1 - Survey results - presentation and group discussion	45 min
<i>Break (15 min)</i>	
Breakout 1 - Challenges in municipal climate adaptation	40 min
Session 2 - Introducing the digital planning platform	15 min
<i>Break (10 min)</i>	
Breakout 2 - How the platform can address your challenges	40 min
Closure	15 min

WHO SHOULD ATTEND

Municipal planners, climate officers and decision-makers working on climate adaptation in Baltic Sea Region municipalities. Municipalities who completed our regional survey are especially encouraged to join.

No preparation needed - just bring your experiences and challenges.
